The number of sanctioned appointments in the Civil Service (including 2 reserve) is 68. Excluding Mr. Chakrapani Iyengar, whose retirement has been sanctioned, and four others on leave preparatory to retirement, the number of permanent Assistant Commissioners is 72. Of these 49 (including 2 on leave against the reserve) are holding sanctioned charges and 23 are on other duties - of which 12 are of a permanent character. 19 (68-49) places of Asst. Commissioners are held by acting, sub-pro-tem and provisionally permanent Assistant Commissioners and others not belonging to the Civil Service. Including the 12 appointments outside the Civil Service cadre (but which are held by Civilians and are likely to continue to be so held) of a more or less permanent character, the total number of Civil Service appointments may be said to be 68 + 12, against which there are 72 permanent officers, leaving 7 places for provisionally permanent Assistant Commissioners. (This is the number of provisionally permanent Assistant Commissioners at present, excluding one temporarily in the Co-operative Deptt.)

Mr. Sadasiva Mudaliar is, however, proposed to be provided for otherwise.

Petition as shown below, to His Highness the Maharaja is transferred to the Chief Secretary to the Government of His Highness the Maharaja of Mysore, ~~Department~~, Bangalore, for disposal.

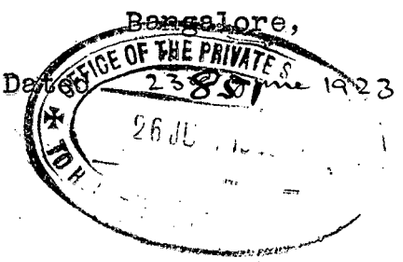
No. 851 of 22-23

W.D, 204—GBPM—1,000—13-9-22



Bangalore,
Dated 23rd June 1923

Dear Sir,

I beg to enclose for your kind perusal and favour of necessary action a copy of my memorial addressed to His Highness the Maharaja praying for confirmation as Assistant Commissioner. I tried for nomination as Assistant Commissioner more than once but unfortunately never succeeded although my claims, I beg to submit, on account of my qualifications (B.A. and B.L.) and family history (family of Late Rai Bahadur Rajasabhabhusana A. R. Sabapathy Mudaliar, Member of Council 1881-1891 etc., please see enclosure to memorial), are in no way inferior to those of any of the nominees to the Civil Service/1908. When in that year my claims and qualification were represented to the then Dewan Mr. V. P. Madhava Rao; he posted me to the General and Revenue Secretariat to learn the details of office work. Mr. D. C. Subbarayappa who was in the same office as my junior was nominated in 1918 and confirmed in 1920 as Assistant Commissioner. Besides several other persons (either my class mates or juniors in service) have been nominated, to mention a few, Mr. S. Venkatarangam, Mr. H. V. Ramaswami, Mr. S. Abdul Wajid, etc. In 1917 I was transferred as Acting Deputy Amildar and in 1918 as Acting Amildar. In February 1920 I was appointed as one of the Assistants to the Census Superintendent with the rank and status of an Assistant Commissioner. I believe Dr. Arumugum Mudaliar is acquainted with the circumsatnces connected with my appointment to the Census Department.

From the 28th of March 1920 I am in the Census Department In October last the other Assistant went on leave and since when I am working practically single handed as the Superintendent was busy with the Reforms Committee work. After he went on leave in March last

I

I am in sole charge of the work which will in all probability be completed next month. Unless I am now confirmed I will lose the rank and status of Assistant Commissioner. At the last Census the Assistants were like myself officers of the Amildars grade but on the termination of the Census operations they were not reverted but were continued as Assistant Commissioners. As is well known Census work is very arduous and it was particularly so this time as explained in the memorial. For the work done by me Mr. V. R. Thyagarajaiyar told me that he has strongly recommended my confirmation. I have submitted the accompanying memorial praying for confirmation.

I now appeal to you to interest yourself in the matter. It is in no conventional spirit of insincere adulation that I say that unless you exercise your good offices my present attempt will in all probability fail. I venture to think that if you kindly take into your consideration the length of my service (nearly 15 years), my qualifications (B.A., B.L., all departmental examinations passed as well as equitation), my family history (enclosure th the memorial) and the record of good work (particularly in the Census Department) my confirmation is as well deserved as in the case of those who have worked in other Departments. In the confident hope that you will on this occasion redeem your kind promise of doing your best for me and get me confirmed as prayed for in the memorial and with feelings of deep gratitude,

I remain,

Dear Sir,

Yours sincerely,

The Chief Secretary to Government.

May it please Your Highness,

After taking the B. L. degree of the Madras University I submitted, in 1908, a memorial to Your Highness praying for nomination as a Probationary Assistant Commissioner, on account of family and other considerations. If the rules and principles now in force had then prevailed very likely, I beg leave to respectfully submit, I would have been nominated then only as will be evident from the fact that though it was possible to nominate in that year Mr. S. Venkatarangam who ranked below me in the B.L. Examination, nothing better than a clerk's place in the General and Revenue Secretariat could be found for me. I held this appointment from 1908 to May 1917 when I was transferred as Acting Deputy Amildar. In July 1918 I was promoted as Acting Amildar. In December 1917 and in October 1919 I submitted memorials to Your Highness praying for nomination to the Civil Service and though for good work both the memorials were recommended for favourable consideration, the former by Mr. B. Venkoba Rao (Deputy Commissioner) and by Mr. K. R. Srinivasa Iyengar (Revenue Commissioner) and the latter by Mr. T. E. Jayarama Iyer (Deputy Commissioner) and by Mr. K. Chandy (as Revenue Commissioner), my claims were some how overlooked. In 1920 I was appointed as an Assistant to the Census Superintendent with the rank and status of an Assistant Commissioner and I joined this appointment on 28th March 1920.

2. The Census Department will be wound very shortly and in the ordinary

ordinary course, I will have to revert to my substantive appointment as Amildar losing the rank and status of Assistant Commissioner which I am now holding for over three years. In the Census of 1911 the Assistants to the then Census Superintendent (viz., Mr. M. Sadasiva Rao and Mr. K. R. Krishnaswami Iyengar) were like me officers of Amildar's grade but they, on the termination of the Census Operations, were not reverted but were continued as Assistant Commissioners. As is well known Census work is very arduous and difficult and requires the display of qualities of the highest order. It was more so at the present Census as on account of the comparative failure of the system (newly tried at this Census) of slip-copying in Taluks, very great difficulties had to be overcome resulting in loss of time which in the words of the Census Superintendent "was made up only with the greatest efforts in the Abstraction Office." A perusal of paras 15, 16, 38 and 53 of Chapter II of Part III of the Mysore Census Report, 1921 will give an idea of the difficulties encountered and overcome. During the whole of the period 1921-25 I had to work very hard sacrificing all holidays. Moreover since last October I am working single handed as the other Assistant went on leave and from March 1925 I am in sole charge of the work. For the good work done by me Mr. V. R. Thyagarajaiyar, the Census Superintendent has, I was told by him, strongly recommended my confirmation.

3. I beg leave to invite reference to enclosure A to my memorial of October 1919 in which a brief account of my family history is given. A copy is enclosed for ready reference.

4. It may not perhaps be out of place to bring to the gracious notice of Your Highness that several of my class mates as well as my juniors in service whose academical or official career is in no way more distinguished than mine have long ago entered the gazetted ranks of the State Service otherwise than by competition, while I am still struggling to get a permanent footing.

5. I beg leave to add that I have passed all the departmental

tests

tests and hold a certificate of proficiency in equitation I have also undergone training in the Department of Statistics of the Government of India.

6. In conclusion I beg leave to request Your Highness to take into Your Highness' gracious consideration my long service, my family history, my record of good work especially in the Census Department and confirm me as Assistant Commissioner with effect from 28th March 1920 or in the alternative from 1st July 1920 so that I may continue to draw my present salary.

7. Always as in duty bound praying for the longlife, health and prosperity of Your Highness I beg leave to subscribe myself as

Your Highness' most obedient and loyal subject,

So A. Sadasivan

Copy of the above is submitted to the Private Secretary to H.H the Maharaja for such action as he may deem fit to take.
